

# The Doble Undergraduate Engineering Scholarship

This prestigious scholarship has been established to encourage and support high achieving 3<sup>rd</sup> and 4<sup>th</sup> year continuing\* undergraduate students studying at UNSW EE&T. Three stipends are available, each valued at **\$10,000**.

In addition to the award, students have the option of taking up a 2-month summer internship within the School of EE&T, providing them with valuable hands-on experience working in an environment engaging in engineering research and teaching, as well as contributing towards their 60-days industrial experience.

Students currently enrolled in a BE (Elec), BE (Tele), BE (Photonics), or combined degree are eligible to apply\*.

## Applications:

A full curriculum vitae and single-page cover letter explaining the applicant's suitability for award of the scholarship should be submitted via the web site below. Each applicant will be assessed on the basis of interview performance, academic merit, aptitude and commitment to their program of study, and personal qualities.
